With the insurance and financial services industries consolidating through international mergers and take-overs, we have created a strategy for growth and service levels which strengthens our market position and ensures that clients enjoy the best possible terms. We have developed a range of services, delivered by dedicated specialist teams, which reflect the growing requirements of our clients.

Asset Management

A discretionary investment and asset management service tailored to the individual requirements of private clients, company directors, charities and pension funds. Bringing the benefits of City expertise at lower cost and with higher client service levels.

Commercial Insurance

With a long tradition of competitive insurance services, providing bespoke cover to a wide range of organisations nationally and internationally. Incorporating risk assessment, business continuity planning, disaster recovery and cover for directors' liabilities, professional indemnity, product liability, marine and transportation, and much more. Our fully staffed in-house Claims Department is an additional service working for you should disaster strike.

Credit Insurance

Through its specialist credit insurance division, The Beckett Group is one of the largest independent credit insurance brokers in the Region. With over 40 years combined experience of the industry, and backed by agencies with all leading credit insurers, we have the team to help you identify the risks and accurately assess the levels of cover appropriate to your specific requirements.

Disaster Recovery

Planning for business continuity or recovery from catastrophe requires the experience and skills of specialists who have handled the widest range of incidents. The Beckett Group is uniquely positioned to help at every stage, before, during and after.

Financial Services

Independent advice is vitally important in the complex areas of personal financial planning, employee benefits and pension schemes, investment and retirement planning. Our Financial Services Division is widely experienced in advising individuals and corporate bodies in setting up, administering and developing all types of arrangements.

Healthcare

An independent advisor brings clarity to the maze of health-care options. Our Healthcare Division has long experience of negotiating on behalf of international companies as well as regionally based organisations. Our market knowledge ensures that all options are explored in a more thorough way than can be achieved dealing direct with insurers.

Personal Insurance

Household and contents insurance for quality properties requires a detailed approach which cannot be matched by direct insurers or Internet based services. By tailoring insurance services to individual properties and contents inventories, we can often provide better cover at a better price. We work closely with specialist contents valuers to provide a superlative service.

Risk Management

Risk management has moved to centre stage with the rising legislation on corporate liability, increased regulation and more stringent environmental controls. Our specialist team will audit your current health, safety and risk management processes, survey your premises, processes and people, and develop an action plan to provide the optimum protection, cost-effectively.

For the purposes of the Data Protection Act 1998 (DPA), the Data Controller in relation to any personal data you supply is The Beckett Group Limited. Information you supply may be used for the purposes of the marketing, administration and regulatory compliance of products and services provided by the Group and its associated companies.

If you do not wish your information to be used for the marketing of Group services that may be of interest to you please write to the Data Protection Officer at The Beckett Group, Blenheim House, Newmarket Road, Bury St Edmunds, Suffolk IP33 3SB.

Beckett Financial Services Ltd and Beckett Asset Management Ltd are regulated by the FSA. Beckett Risk Management Ltd and Beckett Eastward Ltd are members of the General Insurance Standards Council.
