## Celu-gen 60 Tablets

HERBAL Supplement

for Cellulite & Skin Care

**CELLULITE  
Remedy**

Helps Improve the Visible Signs of Ageing

### Celu-gen 60 Tablets 410mg Tablet Weight

A formula of two herbs to help remove unsightly cellulite and invigorate your skin. Celu-gen is a combination of Grape seed extract and centella asiatica providing anti-oxidants to neutralise free radicals whilst providing necessary support for the skin matrix. This combination helps to improve the skin structure from the inside so you can look better from the outside. It will assist in the anti-ageing process because your skin will feel better, look smoother, firmer, less lined and aid in the reduction in cellulite. An easy to swallow film-coated tablet free of preservatives, artificial colours or flavours.

**DOSAGE:** One tablet twice a day.

**WARNING:** Consult your health professional if you are pregnant or lactating.

**Each Tablet contains:**

Vitis vinifera seed extract dry concentrated standardised	2.5mg
Equiv. to Vitis vinifera seed dry	300mg
Equiv. to procyanidins	2.25mg
Equiv. to Silica colloidal anhydrous	25mg
